eunisell
WE HAVE ENERGY

CORPORATE COMPETENCY PROFILE

ABOUT US

Eunisell is a leading chemical, specialty fluid management, and production solutions company.

With advanced technology, engineered expertise, and proven results, we help oil and gas producers achieve faster first oil, protect critical assets, and operate with confidence. Trusted by over 90% of major operators, we set the standard for reliability and innovation across Africa's energy industry.

Eunisell stands at the forefront of innovation and service delivery in the oil & gas sector. With deep domain knowledge, cutting-edge technologies, and a strong local presence, we remain a catalyst for growth and efficiency in Africa's upstream industry. Our commitment to quality, safety, and client success continues to position us as the go-to partner for energy solutions in a complex and evolving marketplace.

MISSION STATEMENT

We bring world class solutions to this vibrant and challenging environment.

VISION STATEMENT

To be the leading chemicals and production solutions provider in Africa and beyond.

WHAT WE DO

We provide business solutions. We reduce costs, improve processes and help clients succeed.

PRODUCTION SOLUTIONS

Production Facilities:

- Engineering
- Commissioning
- Oil and Gas Processing
- Fast Track – One Stop Shop
- Deliver Fast Oil Revenues
- Lease, Operate, and Maintain

Well Testing:

- Drill Stem Testing (DST)
- Multi Rate Testing (MRT)
- Maximum Efficiency Rate Test (MER)
- Multi Phase Flow Metering (MPFM)
- Well Clean Up & Flowback Operation

Production Improvement:

- Well Intervention
- Pumping Services
- De-Waxing
- Sand Management
- Coil Tubing Services
- Cementing (Zonal Isolation) Materials and Tools
- Primary & Remedial Cementing
- Plugs, KOP/Sidetrack
- Squeeze Perforations
- Well Kill & Pressure Pumping Casing Equipment
- Other Cementing Tools

Produced Water Management:

- De-Bottlenecking
- Bottle Tests / Sampling and Analysis
- De-Watering Services
- Water Filtration & Treatment
- Water Disposal
- Water Reinjection Operations

Operations & Maintenance:

- Comprehensive O&M services
- Build-Operate-and-Transfer packages
- Customized engineering and maintenance solutions

Technical Audit (Asset Integrity)

- Scope Definition
- Documentation Review
- Physical Inspection & Condition Assessment
- Performance Evaluation
- Safety and Risk Management Review
- Maintenance & Inspection Strategy Audit
- Compliance & Regulatory Check
- Reporting & Recommendations
- Digital Tools & Technologies

OILFIELD CHEMICALS

Operators and Service Companies use our specialty chemicals and fluids to help them improve performance and reduce costs. Our range includes;

Production Facilities:

- Demulsifiers,
- Corrosion Inhibitors
- Scale Inhibitors
- Water Clarifiers,
- Defoamers,
- Biocides(Production/Waterflood THPS)
- Wax Inhibitors,
- H_2S Scavengers,
- Sludge Breakers
- Naphthenate Inhibitors,
- MEG,
- Lab Support (water, crude oil, lube oil, solid samples analysis)
- Heat Transfer Fluids
- Gas Dehydration (TEG)

Production Improvement Chemicals & Services:

- Surfactants,
- Acids,
- Emulsion Agents
- Hydrochloric Acid,
- Ammonium Chloride,
- Soda Ash
- Mutual Solvent,
- Citric Acid,
- Xylene,
- Acetic Acid
- Ammonium Bifluoride,
- HEC,
- Potassium Chloride

Pipeline Chemicals:

- Hydrotest Cocktail,
- Leak Detection Dye

Drilling & Completion Chemicals:

- Well preservation chemicals
- Well bore cleaners,
- BOP fluids
- Pipe dope cleaner/Degreasers,
- Cleaning solutions,
- Subsea hydraulic fluids

Produced Water Treatment Technology:

- Separation Techniques
- Filtration & Membrane Technologies
- Chemical Treatment
- Advanced Oxidation Processes (AOPs)
- Biological Treatment
- Desalination

OUR SUCCESS STORY:

BUILDING GLOBAL PARTNERSHIPS, DELIVERING LOCAL IMPACT

For nearly three decades, Eunisell has been at the forefront of delivering world-class chemical and production solutions to Nigeria's oil, gas, and industrial sectors.

A cornerstone of this success lies in our strategic distributorships with leading Original Equipment Manufacturers (OEMs) across the globe.

By partnering with globally renowned names such as Clariant, Dow, Roemex, UIC, G. Kopekco, Trams Mare, Nouryon, and Dupont, Eunisell has consistently bridged the gap between advanced international technologies and the unique challenges of the Nigerian market.

TRUSTED PARTNERSHIPS, PROVEN PERFORMANCE

Each partnership tells its own story of shared values, innovation, and success:

- **Clariant –** Delivering specialty chemicals that enhance oilfield performance, with Eunisell ensuring reliable availability and technical support locally.
- **Dow –** Supplying cutting-edge chemical technologies for oil & gas, water treatment, and industrial applications, supported by Eunisell's deep market reach and service expertise.
- **Roemex –** Bringing advanced oilfield production and environmental chemical solutions to Nigerian operators through Eunisell's trusted distribution network.
- **UIC & G. Kopekco –** Expanding access to specialty products and industrial materials with seamless local delivery.
- **Trams Mare –** Providing marine and offshore chemical solutions, with Eunisell ensuring compliance and supply-chain efficiency.
- **Nouryon –** Supporting sustainable operations with world-leading chemical innovations, delivered with Eunisell's reliability.
- **Dupont –** Enabling high-performance industrial and energy solutions through Eunisell's proven technical and commercial channels.

CREATING VALUE IN NIGERIA'S ENERGY & INDUSTRIAL SECTORS

Through these partnerships, Eunisell has achieved:

- **Uninterrupted Supply Chains –** Ensuring timely product availability across Nigeria and West Africa.
- **Technical Support & Local Expertise –** Bridging global OEM innovations with local operational realities.
- **Customized Solutions –** Adapting international technologies to meet Nigeria's specific oilfield, industrial, and environmental challenges.
- **Customer Trust –** Becoming the partner of choice for operators seeking quality, reliability, and global standards with local support.

THE EUNISELL ADVANTAGE

Our distributorships are more than commercial agreements — they represent a commitment to excellence. By aligning with world-class OEMs, Eunisell empowers operators in Nigeria with access to the same quality, reliability, and innovation trusted worldwide, while delivering it with local responsiveness, efficiency, and care.

Together with our partners, we continue to write a success story of global expertise delivered locally, powering Nigeria's energy and industrial future.

PROJECTS

Field Type: Shallow Water
Field: OML 46 Atala

Solutions delivered by Eunisell:
Eunisell deployed a 10,000 barrel per day Early Production Facility

Outcome

- Oil was achieved in record time.
- Allowed funding of capital expenditure, engineering and construction in the initial years.
- Even from small revenue streams of just 1000 – 2000 BPD, the objective was for the business to own the facility outright and manage its own profitable operation within 3 – 5 years.

PROJECTS

Field Type: Onshore
Field: OML 56 Delta State

Solutions delivered by Eunisell:
Extended Well Testing (EWT) Operation at Matogbo Field.

Outcome:
Achieved optimum flow parameters with unique accuracy in measurement.

PROJECTS

Field Type: Onshore
Field: OML 13 Qua Iboe

Solutions delivered by Eunisell:
Eunisell deployed 10,000 barrels Early Production Facility.

Commercial Model:
Lease, operate and maintain, then to own.

Outcome:
Network E&P was able to achieve First Oil in record time.

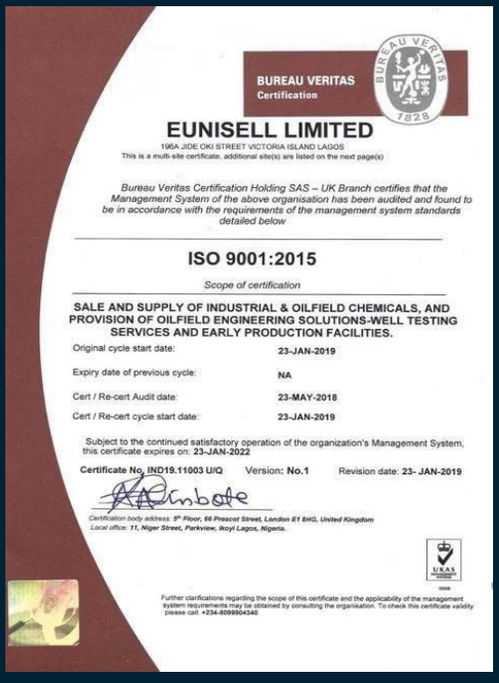

ISO CERTIFICATIONS

Eunisell maintains internationally recognized certifications in line with global best practices:

- **ISO 9001:2015** – Quality Management Systems
- **ISO 14001:2015** – Environmental Management Systems
- **ISO 45001:2018** – Occupational Health and Safety Management Systems

These certifications validate Eunisell's commitment to quality assurance, environmental sustainability, and the health and safety of all stakeholders.

BUREAU VERITAS
Certification

EUNISELL LIMITED

196A JIDE OKI STREET VICTORIA ISLAND LAGOS

This is a multi-site certificate, additional site(s) are listed on the next page(s)

Bureau Veritas Certification Holding SAS – UK Branch certifies that the Management System of the above organisation has been audited and found to be in accordance with the requirements of the management system standards detailed below

ISO 9001:2015

Scope of certification

SALE AND SUPPLY OF INDUSTRIAL & OILFIELD CHEMICALS, AND PROVISION OF OILFIELD ENGINEERING SOLUTIONS-WELL TESTING SERVICES AND EARLY PRODUCTION FACILITIES.

Original cycle start date:	23-JAN-2019
Expiry date of previous cycle:	NA
Cert / Re-cert Audit date:	23-MAY-2018
Cert / Re-cert cycle start date:	23-JAN-2019

Subject to the continued satisfactory operation of the organization's Management System, this certificate expires on: **23-JAN-2022**

Certificate No. IND19.11003 U/Q Version: **No.1** Revision date: **23- JAN-2019**

Certification body address: 5th Floor, 66 Prescot Street, London E1 8HG, United Kingdom
Local office: 11, Niger Street, Parkview, Ikoyi Lagos, Nigeria.

Further clarifications regarding the scope of this certificate and the applicability of the management system requirements may be obtained by consulting the organisation. To check this certificate validity please call: +234-8099904340

Eunisell Gets ISO 9001: 2015 Certification

Eunisell, one of the nation's chemical and specialty fluids and production solutions group, has been awarded ISO 9001:2015 certification by Bureau Veritas.

The certification came on the heels of the company's quality management system in respect of its ability to consistently provide products and services that meet customer and applicable statutory and regulatory requirements, and enhance customer satisfaction through the effective application of the quality management system.

Mr. Chika Ibenga, the Group Managing Director, expressed over-delight over the certification and emphasised that the company's world-class standards will increase.

"Customer satisfaction has always been the foundation of Eunisell's brand promise. Now it is mandated and we look forward to continuing to help our customers' businesses grow through service excellence," he said.

The International Organisation for Standardisation (ISO) is an independent, non-governmental organisation that oversees the drafting of ISO 9001 and many other international standards. ISO, through its 164 member organisations, brings together experts "to share knowledge and develop voluntary, consensus-based, market relevant international standards that support innovation and provide solutions to global challenges.

ISO has published 21,532 International Standards and related documents, covering almost every industry, including technology, food safety, agriculture, and healthcare since 1946.

QUALITY, HEALTH, SAFETY, AND ENVIRONMENT (QHSE)

Eunisell implements a comprehensive QHSE Management System across all operations. Our proactive HSE culture is underpinned by strict compliance with both international standards and local regulations. This includes:

- Risk-based safety assessments and mitigation plans
- Environmental impact reduction measures
- Emergency response and incident management protocols
- Continuous employee training and performance monitoring

Our objective is zero harm—to people, the environment, and assets.
