

CORPORATE PROFILE

ABOUT THE COMPANY

Company Overview

Eunisell Limited is a leading specialty chemicals and production solutions company with a strong footprint across the Oil & Gas, Industrial, and Energy sectors. The company provides end-to-end solutions spanning specialty chemical manufacturing, supply, technical services, and oilfield production support, helping clients optimize operations, improve asset integrity, and enhance production efficiency.

With decades of industry experience, Eunisell has built a reputation for technical depth, operational reliability, and a strong understanding of local operating environments, particularly within Nigeria and the wider Sub-Saharan African region.

History & Background

Eunisell Limited was established in 1996 to address critical gaps in local content, chemical supply reliability, and production efficiency within Nigeria's Industrial, Oil & Gas industry. Over the years, the company has evolved from a specialty chemicals supplier into an integrated solutions provider, supporting upstream, midstream, downstream, and industrial operations.

Through continuous investment in people, infrastructure, and technology, Eunisell has expanded its portfolio to include Industrial Chemicals, Oil & Gas Specialty Chemicals, and comprehensive Oil & Gas Production Solutions.

Corporate Philosophy

Eunisell's philosophy is built on partnership, innovation, and performance. The company believes in working closely with clients to understand their challenges and deliver practical, cost-effective, and sustainable solutions tailored to local operating conditions.

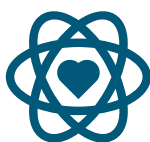

VISION

To be Africa's most trusted provider of specialty chemicals and production solutions.

MISSION

To deliver innovative, high-quality chemical and production solutions that improve operational efficiency, ensure safety, and create long-term value for our clients and stakeholders.

CORE VALUES

- Safety First
- Technical Excellence
- Integrity & Accountability
- Customer-Centricity
- Innovation
- Sustainability

EXECUTIVE MANAGEMENT

Eunisell Limited is led by a seasoned management team comprising industry professionals with extensive experience across Oil & Gas operations, specialty chemicals, engineering, finance, and corporate governance. The leadership team provides strategic direction, ensures operational discipline, and drives the company's growth agenda.

Chika Ikenga

Group Managing Director

Chika Ikenga is a consummate Industrial Chemist, an astute business man, Founder and Group Managing Director. He holds a B.Sc. degree in Industrial Chemistry from the University of Nigeria, Nsukka.

He is a member of the Institute of Directors "IoD", United Kingdom. Chika Ikenga provides leadership and strategic direction for the company.

Kenneth Okeiyi

Chief Executive Officer

Kenneth Okeiyi oversees the daily operations of the company. He holds a B.Sc. degree in Banking & Finance from the Imo State University and an MBA in Business Finance from the University of Nigeria, Nsukka.

With over 20 years of experience in banking, finance, the capital market and business advisory services across Africa. He possesses strong experience in offering purpose fit business finance structures across a wide range of industries. Kenneth Okeiyi has a strong network of relationships across financial institutions globally.

Marie-James Sibe

Assistant General Manager

Marie-James Sibe heads the oil & gas production solutions at the Port Harcourt office. She holds a Ph.D. in Engineering Management from the University of Pretoria. She has over 18 years of experience in the oil & gas sector, driving sustainable growth strategies.

Iain Fraser

Head, International Business

Iain Fraser is an Engineering and Sales professional with over 30 years hands-on experience within the oil & gas and specialty chemical industry. He holds a B.Sc. in Mechanical Engineering from the Harriot-Watt University, Edinburg.

Iain is responsible for developing key international businesses and relationships for the company. He has worked with notable global companies including St. Helena Gold Mine, Shell, the Lubrizol Corporation.

Philip Odekina

Head, Finance & Accounts

Philip is a core accounting professional with 30 years experience in the financial sector. He holds an MBA in Financial Management. Prior to joining Eunisell, he worked as Financial Accountant at KPMG Professional Service.

OUR BUSINESS & CAPABILITIES

Products & Services

Eunisell operates across three key business segments:

1. Industrial Chemicals

Eunisell supplies a broad range of high-performance industrial chemicals used in manufacturing, power generation, water treatment, mining, and other industrial applications. These solutions are designed to improve process efficiency, protect equipment, and reduce operating costs.

Key offerings include:

- Water Treatment
- Cleaning & Hygiene
- Food & Beverage
- Refinery Chemicals
- Aluminum-Can Processing
- Metal Cleaning
- Specialized Lubricants (Molykote)
- Construction Chemicals
- Marine Chemicals
- Industrial Process Fluids
- Gas Treatment Chemicals
- General and Utility Chemicals
- Specialty Lubricants

2. Oil & Gas Specialty Chemicals

Eunisell is a trusted supplier of specialty chemicals used across the upstream, midstream, and downstream Oil & Gas value chain. The company provides fit-for-purpose chemical solutions that address flow assurance, corrosion control, production optimization, and asset integrity challenges.

Key offerings include:

- Production Chemicals
- Subsea Fluids
- Drilling & Completion Chemicals
- Dewaxing Services
- Descaling Services
- Water Filtration & Purification
- General Chemicals
- Gas Treatment Chemicals
- Stimulation Chemicals
- Process & Pipeline Chemicals
- Workover Fluids
- Cleaning & Hygiene Chemicals
- Heat Transfer Fluids
- Specialty Lubricants

3. Oil & Gas Production Solutions

Beyond chemicals, Eunisell delivers integrated production solutions that support operators throughout the lifecycle of oil and gas assets. These services are designed to enhance production performance, reduce downtime, and improve recovery.

Key offerings include:

- Engineering, Procurement & Construction
- Production Facilities
- Installation & Commissioning
- Engineering Design
- Production Improvement
- Well Testing
- Well Head Maintenance
- Operations & Maintenance
- Shut-In Well Re-Entry
- Equipment Repairs
- Equipment Rentals
- Produced Water Management
- Sand Management

Technical Expertise

Eunisell's strength lies in its people. The company employs highly skilled engineers, chemists, and field specialists with hands-on experience in complex operating environments. This technical expertise enables Eunisell to provide not just products, but complete solutions backed by sound engineering and field support.

Research & Innovation

Eunisell continuously invests in research and innovation to develop solutions tailored to local conditions. Through in-house capabilities and external collaborations, the company adapts global best practices to meet regional challenges.

■ Water & Utilities

QUALITY, HEALTH, SAFETY, AND ENVIRONMENT (QHSE)

Eunisel implements a comprehensive QHSE Management System across all operations. Our proactive HSE culture is underpinned by strict compliance with both international standards and local regulations. This includes:

- Risk-based safety assessments and mitigation plans
- Environmental impact reduction measures
- Emergency response and incident management protocols
- Continuous employee training and performance monitoring

Our objective is zero harm—to people, the environment, and assets.

OPERATIONAL EXCELLENCE

Processes & Standards

Eunisell's operations are guided by structured processes, industry standards, and continuous improvement principles designed to ensure efficiency, consistency, and reliability.

Technology & Infrastructure

The company maintains strategic infrastructure including blending facilities, storage, logistics assets, and field equipment that enable timely and reliable service delivery.

PROJECTS

Field Type: Shallow Water

Field: OML 46 Atala

Solutions delivered by Eunisell:

Eunisell deployed a 10,000 barrel per day Early Production Facility

Outcome

- Oil was achieved in record time.
- Allowed funding of capital expenditure, engineering and construction in the initial years.
- Even from small revenue streams of just 1000 – 2000 BPD, the objective was for the business to own the facility outright and manage its own profitable operation within 3 – 5 years.

PROJECTS

Field Type: Onshore

Field: OML 56 Delta State

Solutions delivered by Eunisell:

Extended Well Testing (EWT) Operation at Matogbo Field.

Outcome:

Achieved optimum flow parameters with unique accuracy in measurement.

TRUSTED PARTNERSHIPS, PROVEN PERFORMANCE

Each partnership tells its own story of shared values, innovation, and success:

- **Clariant** – Delivering specialty chemicals that enhance oilfield performance, with Eunisell ensuring reliable availability and technical support locally.
- **Dow** – Supplying cutting-edge chemical technologies for oil & gas, water treatment, and industrial applications, supported by Eunisell's deep market reach and service expertise.
- **Roemex** – Bringing advanced oilfield production and environmental chemical solutions to Nigerian operators through Eunisell's trusted distribution network.
- **UIC & G. Kopekco** – Expanding access to specialty products and industrial materials with seamless local delivery.
- **Trams Mare** – Providing marine and offshore chemical solutions, with Eunisell ensuring compliance and supply-chain efficiency.
- **Nouryon** – Supporting sustainable operations with world-leading chemical innovations, delivered with Eunisell's reliability.
- **Dupont** – Enabling high-performance industrial and energy solutions through Eunisell's proven technical and commercial channels.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Eunisell & Abia Warriors FC

Driving Community Impact Through Sports

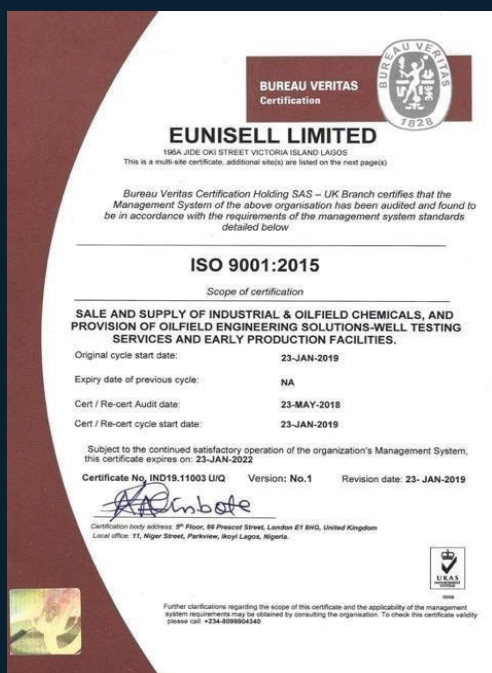

Eunisell's sponsorship of Abia Warriors Football Club in the Nigerian Professional Football League (NPFL), reflects our commitment to sustainable community development and youth empowerment. Guided by the belief that strong communities are built by investing in people, we support platforms that inspire excellence, discipline, and opportunity.

Abia Warriors FC embodies resilience, ambition, and teamwork—values that align closely with Eunisell's corporate philosophy. Through this partnership, Eunisell contributes to the development of young football talent, supports structured professional growth for athletes, and promotes positive social engagement through sports.

Beyond football, the initiative delivers wider social value by encouraging healthy lifestyles, strengthening local economies, fostering state pride, and creating opportunities for youth to channel their potential productively.

Eunisell's support for Abia Warriors FC underscores our long-term CSR vision: empowering communities, nurturing talent, and creating lasting impact beyond business.

ISO CERTIFICATIONS

Eunisell maintains internationally recognized certifications in line with global best practices:

- **ISO 9001:2015** – Quality Management Systems
- **ISO 14001:2015** – Environmental Management Systems
- **ISO 45001:2018** – Occupational Health and Safety Management Systems

These certifications validate Euniseil's commitment to quality assurance, environmental sustainability, and the health and safety of all stakeholders.

CLIENTELE & TESTIMONIALS

Eunisell serves a diverse portfolio of international oil companies, indigenous operators, service companies, and industrial clients who trust the company for reliable and effective solutions.
