

INDUSTRIAL WATER TREATMENT SOLUTIONS

Our Water Treatment Solutions

Boiler Water Treatment

- **Oxygen Scavengers** – Prevent pitting and corrosion in hot water and steam boilers.
 - **Scale & Corrosion Inhibitors** – Protect boiler tubes, heating elements, and piping.
 - **Alkalinity Builders** – Maintain proper pH for steam generation.
 - **Condensate Line Treatments** – Minimize pipe damage and increase boiler efficiency
-

Greywater & Sewage Treatment

- **Odour Control Chemicals** – For septic tanks and grease traps.
 - **Biological Enzymes** – Break down organic waste and reduce blockages.
 - **pH & Alkalinity Adjusters** – Maintain system stability in wastewater handling.
 - **Descaling Agents** – Clean hard water deposits in drain lines and flushing systems.
-

Process Water Treatment

- **RO Antiscalants & Membrane Cleaners** – Extend the lifespan of reverse osmosis systems.
 - **pH Stabilizers** – Maintain critical balance in PW/WFI systems.
 - **Disinfection Chemicals** – Chlorine, ozone-compatible, and chlorine-free solutions for system sanitation.
 - **Dechlorinators** – Protect sensitive RO membranes and product-contact water.
 - **Filtration Membranes** – effective particulate micron filter.
 - **Resins** – cation and anion ion-exchanger
-

Portable & Domestic Water Treatment

- **Chlorination & Disinfection Agents** – Eliminate harmful microorganisms in drinking water.
- **pH Correction Chemicals** – Ensure safe and neutral water for bathing, cleaning, and consumption.
- **Dechlorinators** – For post-chlorination neutralization where required.
- **Microbial Control Agents** – Prevent E. coli, Legionella, and other waterborne pathogens.
- **Filtration Membranes** – effective particulate micron filter.
- **Resins** – cation and anion ion-exchanger

Cooling Tower & HVAC Systems

- **Antiscalants** – Prevent mineral buildup and fouling in cooling towers and chillers.
 - **Corrosion Inhibitors** – Protect metal components in HVAC and refrigeration systems.
 - **Biocides** – Control microbial growth, biofilm, and Legionella bacteria.
 - **Dispersants** – Improve system cleanliness and reduce downtime.
-

Wastewater Treatment

- **Oil & Grease Removal Agents** – Enhance separation efficiency in palm oil mill effluent (POME) treatment.
 - **pH Neutralizers** – Ensure treated water meets discharge requirements.
 - **Defoamers** – Reduce foam in effluent ponds and tanks.
 - **Odor Control Solutions** – Suppress organic odors from wastewater.
-

Ballast Water Treatment

- **Biocide Control Agents** – Assist in compliance with ballast water treatment protocols.
 - **pH Buffers & Neutralizers** – Control acidity and reactivity during ballast system treatment.
-

Desalination & RO System Treatment

- **Antiscalants** – Extend membrane life in reverse osmosis (RO) systems.
- **Membrane Cleaners** – Remove biofilm, scale, and iron fouling from desalination systems.
- **Preservatives & pH Stabilizers** – For long voyages and idle RO systems.

For 30 years, Eunisell has been at the forefront of formulating and manufacturing specialty chemicals. Today, we deliver advanced water treatment chemical solutions designed for the all Industries. Our products are developed to the highest standards of safety and compliance, enabling hotels, restaurants, and resorts to optimize operations, safeguard guest well-being, and maintain world-class facilities.

With a trusted footprint across Africa, Eunisell provides innovative solutions that drive efficiency, cost effectiveness, and sustainable value. Backed by three decades of excellence and reliability, Eunisell remains a partner of choice for businesses committed to quality, safety, and customer satisfaction.

Packaging Options

25L | 200L Drum | 1000L IBC

About Us

Eunisell is a leading chemical and specialty fluid management company, supplying key products and solutions to a wide base of customers operating in Africa.

Our mission is to bring world class solutions to this vibrant and challenging environment.

Our vision is to become the foremost provider of chemical solutions in Africa. As Africa's leading specialty chemicals supplier and one of the it's largest independent companies, we are committed to excellence and innovation.

EUNISELL LIMITED

LAGOS ADDRESS

Head Office: 209 Muri Okunola Street, Victoria Island

Branch Office: Plot 3A, Aswani Road,
Oshodi Industrial Scheme, Isolo, Lagos

Mobile: +234 908 765 9938

Phone: +234 908 765 9939

Email: info@eunisell.com

PORT HARCOURT ADDRESS

Plot 49/51 Danjuma Drive,
Trans Amadi, Port Harcourt, Rivers State
Website: www.eunisell.com
